The Health Form must be submitted within **TWO WEEKS** of offer of admission. If this is not possible, then Part I and a doctor’s appointment date for the completion of Part II must be submitted by the confirmation materials due date. **Your completed health form must be received no later than November 30** for Spring semester, **June 15** for Fall semester, or **April 10** for Summer programs. Please upload the health form to the student portal, fax to 802 258-3509, or mail to: SIT Study Abroad, PO Box 676, Kipling Road, Brattleboro, VT 05302-0676 USA.

The guidelines below will assist you in completing your health form and making a medical appointment. Please be advised that leaving anything blank on your health form will delay your health clearance. Your health form will not be reviewed until all completed parts are received. Complete name and program at the top of all pages. Only SIT Study Abroad health forms will be accepted.

**Please be sure to make a copy of the completed health form for your records.**

**PART I - Authorization and Personal Health History (pages 1–2)**
- To be filled out by the student. Answer all questions in this section and submit with the rest of your confirmation materials.
- Please keep a copy of Part I for yourself and take it to the physician or medical professional who completes Part II.

**PART II - Health Report and Examination (page 3)**
- To be completed and signed by your physician, or health professional (nurse practitioner or physician’s assistant).
- Immunization history is to be recorded in Part II or a copy of your immunization record may be attached. These records usually can be obtained from your physician’s office, high school, university health center, or parents.
- If you are going to South Africa, Part II must be completed and signed by a physician (required as a part of this country’s visa process).
- The completion of Part II must be based upon a physical examination conducted within 12 months of the program start date. When making your appointment, be sure to inform your health care professional that you will also need the following test(s) done on the same day:
  - TB (Tuberculosis) test: a pre-departure TB test is required for ALL SIT Study Abroad programs except Australia, Chile, Czech Republic, Iceland, Jordan, Netherlands, Samoa, and Switzerland. Depending on the type of TB test, you may need to return two days later to have the result read. If you have ever tested positive for TB, chest x-ray results within the last 12 months is required.
  - An HIV test, only if you are applying to our semester programs in Bolivia or Mongolia (required as a part of these countries’ visa processes and therefore cannot be anonymous). Entry requirements for a country may change frequently. Please consult your admissions counselor for further information.

**Please note: We do not accept reports completed by a physician who is related to you.**

**PART III A - Further Health Information for Overseas Travel: Medical (pages 4–5)**
If you answered “yes” to any questions indicating a history of medical treatment under “Review of Illnesses and Symptoms” in Part I, please have your medical professional complete Part III A of this form.

**PART III B - Further Health Information for Overseas Travel: Counseling and Mental Health (pages 6–7)**
If you answered “yes” to any questions indicating a history of therapeutic treatment under “Review of Illnesses and Symptoms” in Part I, please have your mental health professional complete Part III B of this form.

**CHANGE OF STATUS:** You are responsible for notifying SIT immediately of any changes in your health history prior to your departure or while on the program.

Authorization to Release Health Records and Permission for Emergency Medical Treatment

Please complete and sign the following.

As an applicant to an SIT Study Abroad program, I, ____________________________ hereby authorize the physician or other medical provider completing Part II and/or Part III of this Health Form, together with any other physician or medical provider who has provided information to SIT Study Abroad in connection with my application or participation in the Program, to release any or all health records or information pertaining to me to World Learning / SIT Study Abroad. I also authorize the release by World Learning of my health records or other medical information pertaining to me to my parent or other designated contact person in the event of an emergency.

On rare occasions, an emergency requiring treatment in a hospital and/or surgery may develop. In most cases, administration of an anesthetic, treatment of an injury, or operation upon an individual cannot be done without consent of the patient. In order to prevent a dangerous delay in an emergency situation where World Learning is either unable to contact my parent or guardian, or if I am unconscious or otherwise unable to give you my consent, I hereby authorize World Learning’s representative to secure whatever medical treatment is deemed necessary, including administration of an anesthetic and surgery.

I hereby verify that all of the information contained in this form is accurate and complete and acknowledge that any failure to provide accurate and complete information, including notification to SIT Study Abroad of changes in my health affecting the accuracy or completeness of the information contained in this form, may result in my dismissal from the program. I agree to notify SIT Study Abroad of any material changes in my health that occur prior to the start of the program or while on the program.

Signature of applicant __________________________________________ Date __________________ month/day/year

Printed name __________________________

Program title __________________________ Term/year ______

Participants who would like information about the disability accommodation process should contact disabilitieservices@sit.edu.

Participation in an SIT Study Abroad program is contingent upon review of a student’s completed health form. SIT Study Abroad normally requires that all students participating in SIT Study Abroad programs show medical and psychological stability for six months prior to the group’s departure date.
Part I: Authorization and Personal Health History (continued)

Review of Illnesses and Symptoms
Please check “yes” if you have experienced any of the following diagnoses or symptoms. Please give details below on any checked response, adding additional paper if necessary. Part III of the health form is to be completed by your medical or mental health provider for any “yes” answers given in either the checkbox or question section of the health form.

To the Examining Physician: World Learning’s SIT Study Abroad offers programs in all parts of the world, including remote areas of Africa, Asia, and Latin America. The type of program can vary—some include physically demanding components. All participants will be fully active in the culture. Many will live with a family for a protracted period of time in varying conditions of sanitation and proximity to Western-style health facilities and psychological services. For these reasons you are asked to carefully consider the applicant’s general fitness and physical and mental health in relation to the country, the type of program, and the conditions in which the applicant will be living. Part III of the Health Form is to be used for further health information and is to be completed by a physician or treating professional. This information is strictly for the use of World Learning and SIT Study Abroad and will not be released without the applicant’s consent.

Immunization Record
Indicate the most recent date. The following immunizations are the minimum REQUIRED. Check Health Guidelines for other country-specific required and recommended immunizations. Attach record if available. If proof of immunity is by titer, attach copy of lab report.

- Tetanus/diphtheria/pertussis (Td or Tdap) ______ / ______ / ______
- Polio (certain programs in Africa) ______ / ______ / ______
- Meningitis (certain programs in Africa) ______ / ______ / ______
- Measles, Mumps, Rubella (MMR #1) ______ / ______ / ______
- Measles, Mumps, Rubella (MMR #2) ______ / ______ / ______
- Other Immunizations:

- Measles (Rubeola) ______ / ______ / ______
- Mumps ______ / ______ / ______
- Rubella (German measles) ______ / ______ / ______

Height _________
Weight _________

TB test Date ______ / ______ / ______
TB Result □ Negative □ Positive (If positive, X-ray result required.)

1. Is this applicant seriously underweight or overweight? □ yes □ no
2. Is there a history of any eating disorder, such as bulimia or anorexia, within the last two years? □ yes □ no
3. Does this applicant have any allergies (including allergies to medication and/or food)? □ yes □ no
4. If applicant has allergies, is there a history of asthma, anaphylaxis, and other dangerous allergic conditions? □ n/a □ yes □ no
5. Is this applicant currently under medical treatment or taking medication? □ yes □ no
6. Does this applicant have any speech, hearing, eyesight, or physical impairment? □ yes □ no
7. If answer to Question 6 is yes, would this applicant have difficulties participating in an academically challenging and rigorous summer abroad program? □ n/a □ yes □ no
8. Is there any history of behavioral disorders such as difficulties in relationship with authority figures or peers? □ yes □ no
9. Has the applicant received counseling or mental health treatment within the last two years? (If “yes,” permission will be asked of the applicant for a confidential report from the treating professional.) □ yes □ no
10. Is there any congenital or chronic condition that may require additional treatment? □ yes □ no
11. Would carrying luggage, or conducting strenuous travel, cause the applicant hardship? □ yes □ no
12. Are there limitations to physical activity? If yes, give details below.

Please give details on any questions to which you have answered yes or on any points of concern in your examination or in this applicant’s personal health history in Part I. Part III is to be used for further health information.

Having examined this applicant and reviewed his/her past medical history, I agree that the applicant is healthy enough to participate in the ______ program indicated above.

Signature of physician or medical professional ____________________________ Date __________

Name (print) of physician or medical professional ____________________________ Telephone ______
Address of physician or medical professional ____________________________ Fax ______

Please mail or fax immediately to: SIT Study Abroad-Student Health Office, PO Box 676, Kipling Road, Brattleboro, Vermont 05302 USA | Fax 802 258-3509
To the Appropriate Medical Professional:

Studying abroad can be an enriching experience as well as a physically and mentally challenging one. Mild or pre-existing health conditions can become serious for some participants as they transition into an unfamiliar culture and environment. For this reason, we encourage all participants to fully disclose their health history so that we can prepare them properly for their experience, make arrangements for any special accommodations if necessary, and in some cases, assess whether there may be any health reasons that an applicant should consider another program.

In order to ensure the applicant’s well being, we expect full disclosure of any health history that could be potentially problematic for a student overseas. Please give as much detail as possible in answering the following questions.

Please mail or fax immediately to:
SIT Study Abroad, PO Box 676, Kipling Road, Brattleboro, Vermont 05302-0676 USA | Fax 802 258-3509

Please include appropriate relevant medical records and any information necessary for medical personnel overseas who might be treating this student.

1. Describe, in as much detail as possible, the relevant health condition. (For allergies, please indicate what this applicant is allergic to, how he or she reacts to it, and any medications that should be used by the applicant overseas.)

2. When did the applicant experience this condition, how did it occur, and when was the applicant diagnosed? (Give specific dates.)

3. How was this condition treated and for how long? (Give specific dates, medications, etc.)
4. Are there currently any problems or issues of concern regarding this condition? (Describe plans for testing or treatment.)

5. What is the prescribed plan in the event that this health condition becomes an acute emergency overseas?

6. What are the limitations, if any, on this applicant’s participation in an extremely rigorous (emotionally and physically) overseas program?

Medical Professional’s Authorization

I, ________________________________, consider that ________________________________, name of medical or treating professional name of applicant

is fit to participate in ________________________________, country ________________________________, program ________________________________, during summer 20____,

and will send along with said applicant any medical records needed for possible treatment by a physician or medical facility abroad. Having received permission from said applicant, I am willing to further discuss problems pertaining to this issue with the professional staff of World Learning.

Part III B: Further Health Information for Overseas Travel: Counseling & Mental Health

To the Appropriate Mental Health Professional:

Studying abroad can be an enriching experience as well as a physically and mentally challenging one. Mild or pre-existing health conditions can become serious for some participants as they transition into an unfamiliar culture and environment. For this reason, we encourage all applicants to fully disclose their health history so that we can prepare them properly for their experience, make arrangements for any special accommodations if necessary, and in some cases, assess whether there may be any health reasons that an applicant should consider another program.

In order to ensure the applicant’s well being, we expect full disclosure of any health history that could be potentially problematic for a student overseas. Please give as much detail as possible in answering the following questions.

Please mail or fax immediately to:
SIT Study Abroad, PO Box 676, Kipling Road, Brattleboro, Vermont 05302-0676 USA | Fax 802 258-3509

Please include appropriate relevant medical records and any information necessary for medical personnel overseas who might be treating this student. Please use additional paper if necessary.

1. Describe, in as much detail as possible, the relevant mental health condition and/or precipitating event(s) that led the applicant to seek counseling. State DSM-5 diagnosis(es) if applicable; please list the applicant’s specific symptoms.

2. When did the applicant experience this condition, and when was the applicant diagnosed? Please list specific dates.

3. How was this condition treated and for how long? Include dates and type of treatment, name and dosage of medication(s) etc.

4. Describe any triggers that might lead to the recurrence of symptoms.
Part III B: Further Health Information for Overseas Travel: Counseling & Mental Health (continued)

5. List specific coping strategies that this applicant has used for this condition and other stressful situations.

6. Are there any current problems or concerns regarding this condition? If so, please explain, along with any recommendations.

7. What is the prescribed plan in the event that this condition becomes an acute emergency overseas?

8. What are the limitations, if any, on this applicant’s participation in an extremely rigorous (emotionally and physically) overseas program?

Mental Health Professional’s Authorization

I, ________________________________, consider that ________________________________ is fit to participate in __________ in _______________ during summer 20____, and will send along with said applicant any medical records needed for possible treatment by a physician or medical facility abroad. Having received permission from said applicant, I am willing to further discuss problems pertaining to this issue with the professional staff of The Experiment in International Living.
