

Nepal

All students on this program will be required to have an India Tourist Visa and a Nepali Student Visa for this program. The India Tourist Visa is for contingency purposes (since the 2015 earthquake in Nepal) and because the program usually has an excursion into India (semester programs only). You will be provided instructions for this process in June for fall programs, November for spring programs, and May for summer programs.

In order to start the approval process for the Nepal visa, these forms must be submitted to our in-country partners to create support letters needed when you apply for your student visa. This form must be submitted with your confirmation materials. No paperwork is needed at this time for the India visa.

COMMON MISTAKES

Pencil: All official documents should always be filled out with blue or black ink, ballpoint pens. Please do not use a gel pen.

Streaking printer: Please print on a high-quality printer using black ink.

Bad penmanship: Remember that being granted a visa is a privilege; do what you can to make it easier for the Immigration staff reviewing your application. Use BLOCK letters for this application.

Not following instructions: If you have questions, contact your Admissions Counselor.
