Intermediate Modern Standard Arabic
ARAB 2006 (6 Credits)

Jordan: Arabic Language (Beginning, Intermediate, and Advanced)

This syllabus is representative of a typical semester. Because courses develop and change over time to take advantage of unique learning opportunities, actual course content varies from semester to semester.

Course Description
This course will be delivered through 3 weeks of online language learning complimented with 3 weeks in-country immersion. It presents a survey of major concepts in Arabic language and culture, and aims to develop students’ knowledge of Modern Standard Arabic: both colloquial spoken language and the written script.

This course aims to have students critically examine both the language they’re using on a daily basis and the way this language interacts with local culture. To become familiar with Arabic, students will learn grammatical rules, vocabulary, structure, and methods of forming sentences. These linguistic rules will be tied to local cultural norms to give students a broader understanding of their everyday lives in Jordan and Jordanian society as a whole. Thus, not only does the course aim to have students use Arabic to express themselves in daily life, but also to develop students’ understanding of Arabic culture through different applications of the language. Classes will meet five days per week, three hours a day.

Jordanian Arabic
Immediately after arriving in Amman and during the first week of orientation, students participate in a 10-hour introduction to Jordanian Colloquial Arabic that ranges from basic vocabulary and sentence structure to easy dialogues and interactive exercises. The objective of these sessions is to provide students with an elementary background and early familiarity with Jordanian Colloquial Arabic in preparation for the homestay experience.

Language Levels and Placement
Students are placed into appropriate language course levels based on oral proficiency interviews and written exams (placement tests) conducted during orientation online.

Learning Outcomes
By the end of the course, students should be able to:
- Describe in Arabic their present or recent studies and/or activities in detail
- Give a command or take a message over the phone
- Speak in depth about themselves and their homestay families
- Give a brief autobiography and describe personal plans and hopes
• Describe the geography of a familiar location
• Describe the basic structure of their final language project
