

## Advanced Modern Standard Arabic

ARAB 3003-3503 (3 Credits)

### Jordan: Arabic Language (Beginning, Intermediate, and Advanced)

*This syllabus is representative of a typical semester. Because courses develop and change over time to take advantage of unique learning opportunities, actual course content varies from semester to semester.*

#### Description

This three-week in-country course presents a survey of major concepts in Arabic language and culture and aims to develop students' knowledge of Modern Standard Arabic: both colloquial spoken language and the written script. It aims to have students critically examine both the language they use on a daily basis and the way this language interacts with local culture. To become familiar with Arabic, students will learn grammatical rules, vocabulary, structure, and methods of forming sentences. These linguistic rules will be tied to local cultural norms to give students a broader understanding of their everyday lives in Jordan and Jordanian society as a whole. Thus, not only does the course aim to have students use Arabic to express themselves in daily life, but also to develop students' understanding of Arabic culture through different applications of the language.

#### Jordanian Arabic

Immediately after arriving in Amman and during the first week of orientation, students participate in a 10-hour introduction to Jordanian Colloquial Arabic that ranges from basic vocabulary and sentence structure to easy dialogues and interactive exercises. The objective of these sessions is to provide students with an elementary background and early familiarity with Jordanian Colloquial Arabic in preparation for the homestay experience.

#### Learning Outcomes

By the end of the course, students should be able to:

- Understand and process information given over the telephone;
- Communicate with a group of native speakers on a professional subject;
- Listen to, take accurate notes on, and summarize a speech or an informal discussion on their special interests;
- Understand and investigate attitudes towards culture.

#### Course Requirements

Students are responsible for completing all required readings. Students should be prepared to discuss these in class. Readings enable students to challenge and engage lecturers, to generate questions for class discussions, and to frame their daily experiences outside of class.

#### Required Readings:

Kristen Brustad, Mahmoud Al-Batal and Abbas Al-Tonsi. (2013) *Al kitab fee ta allum al-Arabiyya*, Part Two (3<sup>rd</sup> edition).
