Intermediate Bahasa Indonesia

INDO 2003 - 2503 J-Term Course
(3 Credits)

Indonesia: Intensive Bahasa Indonesia Language

This syllabus is representative of a typical term. Because courses develop and change over time to take advantage of unique learning opportunities, actual course content varies from term to term.

Course Description
This intermediate level language course is designed to further develop students’ basic level proficiency and communication in Indonesian. Primary emphasis is placed on developing listening and speaking skills. However, integrating reading and writing skills is highlighted to reinforce students’ oral comprehension and conversation. The Intermediate Bahasa Indonesia course begins immediately after students’ arrival in Indonesia, and throughout the course students are encouraged to apply their language skills in all facets of the program, especially during the urban homestays, both in Kerambitan and in rural homestays, countryside. This is a component of the course program that requires commitment from the learner. The more enthusiastic language learner you are, the easier and better your learning outcomes and the more successful your integration into the host community.

The Indonesian language is an Austronesian language and displays the typical features of vowel harmony and agglutination that means single or multiple prefixes or suffixes are added to modify meaning and achieve inflection. The enrichment of Indonesian language vocabulary is mostly adopted from the rich ethnic languages in Indonesia, although some of the Indonesian vocabulary was originally from other languages such Sanskrit, Arabic and Dutch or English.

The Academic Director (AD) in cooperation with the Language Program Coordinator facilitates the language program, monitors language classes, and conducts discussions of student progress with instructors. The AD is also the person of record with SIT who assigns the final grades for language classes.

Language Levels and Placement
Non-beginning participants are placed into appropriate language course levels based on oral proficiency interviews and written exams (placement tests) conducted during orientation in Bali.

Learning Outcomes
The Intermediate Bahasa Indonesia course comprises 45 hours of class time, plus additional academic activities (3 credits). Upon completion of the course, students will be able to:

- Acquire primary grammatical structures necessary for participating in semi-complicated conversation;
- Successfully communicate information about daily functions in both urban and rural settings;
- Ask and answer questions about personal history and interests;
• Negotiate semi-complicated transactions in the homestay, in the market, in public transport, etc;
• Tell some facts about themselves, their families and friends and also to ask for information from others;
• Write short letters and notes with straightforward information using formal Indonesian language.

Course Requirements

Methodology
Trained Indonesian language instructors, who are native speakers of the language and who use an oral-proficiency based approach, will conduct all language classes. The classes will be taught in small groups with up to 5 students per group. Language groups may rotate in Kerambitan during the rural homestay at the agricultural village, students will be immersed in a more informal environment for language classes and enjoy more time interacting village community members. Students will also have opportunities throughout the course to speak with local students from local universities in Bali.

The core language textbook is the Indonesian language manual, *Bahasa Indonesia Untuk Mahasiswa SIT Study Abroad Tingkat Menengah* or “Indonesia Language for Intermediate Students of SIT Study Abroad Bali Program" developed by the SIT Indonesia team. The topics and functions covered in the manual are general introductions; everyday activities; describing memorable events; discussing social and public events; discussing environmental issues; describing objects and people; asking for clarifications; asking for help; making complaints; and problem solving. The book also presents new structures that are highlighted and practiced through free and controlled exercises.

At this level, language teachers also integrate current issues and events in Indonesia through articles from the Jakarta Post, Jakarta Globe or other mass media.

Language Pledge: Speaking Bahasa Indonesia throughout each day, with classmates, teachers, homestay families, and community members will solidify student confidence, enhance fluency, and motivate deeper engagement in the cultural life of Indonesian communities.

Additional Information

Homestays
As a complement to the language classes, homestays provide students with the opportunity to learn from different people and to use their language skills continually in a multilingual learning environment. Our goal is to help students develop the necessary communication tools which they can use with their host families, neighbors and Indonesian on the street.
Field Exercises
Every day, through field assignments, students enrich their classroom learning experience and their ability to function in real life language situations, assimilate everyday life issues and immerse in the host culture. Field assignments are done both individually and in groups.

Office Hours
Office hours are from 3-5 pm each day. The teacher may also have additional office hours for students who need further support.

Evaluation and Grading Criteria
It is our responsibility to arrange a learning experience for you, but learning a language requires active engagement from the learner’s side. The language course focuses on communicative competence and linguistically functional ability. Teachers on a daily basis evaluate your performance. At the end of the course, teachers collectively compose a final evaluation for each student, taking into account both classroom performance and the use and development of language skills in the host community. You are graded in each of the following areas: grammar, vocabulary, oral and reading comprehension, fluency, pronunciation, motivation, attendance, progress and usage outside of the classroom.

A weighted letter grade will be assigned according to the following criteria:

<table>

Use Outside Class
Students have to be very active and creative in using the language in and out of class. The language instructors observe and keep track of the students’ use of the language in various setting out of class (e.g. during the country homestays, during long hour car drives, museum visits, train or air travels etc.). These notes are taken into consideration for the final evaluation of the student’s linguistic progress.

Active Attendance
Regular attendance and active participation in all classes and other language activities is vital to your language learning. Your participation should be positive, consistent and productive.

Motivation
In addition to attending class, students should demonstrate active participation in all in-class and out-of-class language activities. Students should demonstrate continuing interest and keep their motivation by asking questions, initiating interactions with Indonesians (in Indonesian), timely submission of assignments/homework, initiating consultations with language teachers when required, constantly extending Indonesian vocabulary beyond the SIT language manual etc. Motivation makes up 10% of the final grade, and it is at your language instructors’ discretion. Students are responsible for making up any missed work (quizzes, however, cannot be made up) and for retrieving any graded items returned in their absence.

Quizzes
Students take ongoing tests and quizzes; and the language instructors will grade your progress comparing all their records for each student throughout the course.
**Weekly Review (Oral and Written)**
At the end of weeks one and two, students participate in a weekly written and oral review based on the previous lessons.

**Final Exam** – SIT Study Abroad–Indonesian language instructors and a certified Indonesian language coordinator who graduated from the Udayana University gives the final oral exam and make the evaluations. The oral exam is given by each teacher for 30 minutes long to assess their communication skills, which include pronunciation, grammar and the appropriate cultural understanding. The students are also evaluated on their fluency and accuracy in the conversation. The AD, based on the language instructors’ final evaluations, and your demonstrated effort to apply the language skills learned in the classroom, determines the final course grade.

**Grading Scale:** The grading scale for all classes is as follows:

**Expectations and Policies**

Show up prepared. Be on time, have your readings completed and points in mind for discussion or clarification. Complying with these elements raises the level of class discussion for everyone.

Have assignments completed on schedule, printed, and done accordingly to the specified requirements. This will help ensure that your assignments are returned in a timely manner.

Examinations. They are given examinations covering the major content of these lectures, field trips and readings.

Attendance. All students are required to attend all lectures and to participate in all bi-weekly discussion and analysis sessions. All excursions are mandatory and students must discuss absences with the Academic Director before the planned departure.

Participation. Participation is not the same as attendance. All students are expected to participate fully in all aspects of the course. This means asking pertinent questions to the course’s guest lecturers, engaging in discussion and analysis during lectures, group discussions and on excursions. Students are expected to complete the required reading in a timely fashion, and to demonstrate their understanding of texts through reflection, writing, and discussion.

Please refer to the SIT Study Abroad handbook for policies on academic integrity, ethics, warning and probation, diversity and disability, sexual harassment and the academic appeals process.
