Attendance and Participation

Due to the nature of SIT Study Abroad programs, and the importance of student and instructor contributions in each and every class session, attendance at all classes and for all program excursions is required. Criteria for evaluation of student performance include attendance and participation in program activities. Students must fully participate in all program components and courses. Students may not voluntarily opt out of required program activities. Valid reasons for absence – such as illness – must be discussed with the academic director or other designated staff person. Absences impact academic performance, may impact grades, and could result in dismissal from the program.

Late Assignments

SIT Study Abroad programs integrate traditional classroom lectures and discussion with field-based experiences, site visits and debriefs. The curriculum is designed to build on itself and progress to the culmination (projects, ISP, case studies, internship, etc.). It is critical that students complete assignments in a timely manner to continue to benefit from the sequences in assignments, reflections and experiences throughout the program.

Example: Students may request a justified extension for one paper/assignment during the semester. Requests must be made in writing and at least 12 hours before the posted due date and time. If the request is accepted, an extension of up to one week may be granted. Any further requests for extensions will not be granted. Students who fail to submit the assignment within the extension period will receive an 'F' for the assignment.

Grading Scale

Grading Criteria:

All grades assigned will take into account the students' special circumstances and challenges they face as foreign students. An "A" grade for an assignment entails superior (not just "very good") performance in terms of not only technical correctness, but also in structure and organization of assignments, analysis, logic of writing, and consistency.

In terms of Class Participation, an "A" grade refers to full attendance, punctuality, attentive listening, and active engagement in all lectures, discussions, field trips, and other activities. It also means polite and respectful behavior. The level, frequency, and quality of the student's participation will be monitored and taken into account.

Program Expectations

For the successful completion of the course, participants will be requested to:

- Attend classes regularly and avoid leaving the room frequently. Full attendance is expected.
- Be punctual to class.
- Hand in homework assignments in a timely fashion. Late papers will not be graded in full.
- Engage actively in classroom and out-of-the-classroom activities. Individual effort in oral production is key to effective learning and an integral part of the evaluation by the instructor.
- Display a respectful attitude while listening to peers and/or interacting with native speakers of any social or ethnic nomination. Prejudice and demeaning comments of any nature will not be tolerated.
