

IHP Europe: Biodiversity and Conservation Travel Acknowledgement Form

For this program, **students with US passports** are granted 90-days visa-free on arrival in **Ireland** and a **tourist visa for the Schengen area** for Switzerland and Spain ***upon entry into the Schengen area.***

IMPORTANT: US citizens are only permitted to remain in the Schengen area on a tourist visa for only 90 days within a 180 day period. The Schengen area is a group of European countries, including Switzerland and Spain with a mutual immigration agreement. Schengen countries are listed here: <http://travel.state.gov/content/passports/english/go/schengen-fact-sheet.html>). The program will require a minimum of **70 days**. **Students planning to participate in another program in the Schengen area either before or after their SIT program should inform their Admissions Officer.** Travel within the Schengen area before or after the program is possible only if the total number of days does not exceed 90, including the days spent in Spain and Switzerland.

Students with non-US passports should inform their admissions officer and contact the Irish and Swiss consulates to determine specific requirements for requesting a tourist visa.

READ EACH POINT CAREFULLY AND CHECK ALL BOXES BELOW.

I understand that:

- I understand travel within the Schengen area is limited to 90 days within a 180-day period and the program will require a minimum of 70 of those days.
- If I plan to participate in another program in the Schengen area either before or after the SIT program, I must inform my Admissions Officer immediately and work with both programs to ensure that proper visas are secured.
- I am entirely responsible for my travel and immigration status while on program, including any non-program related travel and will adhere to the guidelines described in this document. Failure to do so will put me at risk of legal and/or immigration-related action within Europe or the U.S.
- Students without a US passport may be subject to additional or different requirements for obtaining a visa or meeting other conditions of entry into the country or countries listed above. Many countries require individuals to apply for visas in person at the relevant embassy or consulate located in their country of citizenship. We strongly recommend that you contact the embassy of each country the program will be traveling to very early in the process to confirm visa and/or entry requirements applicable to your country of citizenship and determine next steps while allowing plenty of time to apply. It is your responsibility to confirm and complete the visa application process particular to your situation, and to keep your admissions officer informed.
