

Spain: Social Movements, Democracy, and Cultural Identity Housing Questionnaire

Please select your preferred housing option for this program. For each option, students will have their own private room. Rooms at the student residential student housing are private rooms with a bathroom in a shared "cluster", with common areas and kitchen space shared with other students on the program in the same cluster.

The homestays include all meals while you are at the homestay. Students are only responsible for meals during orientation and the excursion.

No meals are included at the student residential housing. Students will need to prepare their own meals every day. The residence does include a dinner hall where students can purchase a meal plan at their own, separate expense. See the Costs and Scholarships tab of the program webpage for estimated amounts for meals not provided by the program.
